

2017: the year in numbers

In 2017 Blue Shield of California Foundation awarded \$25.6 million to organizations working to improve the health and well-being of all Californians, especially our most vulnerable neighbors.

Grants by Region

● North	49	\$1,075,500
● Sacramento Valley	17	\$660,000
● San Francisco Bay Area	78	\$2,060,500
● Central	63	\$2,625,000
● Los Angeles	82	\$2,516,000
● South	54	\$1,183,000
Statewide	60	\$13,354,514
National	18	\$2,065,000
Total	421	\$25,589,514

Grants by Priority

Value-Based Care/Patient Engagement

dollars in millions **\$7.5**

of grants **42**

Promote the ability of safety net providers in California to deliver value-based care that improves access and patient engagement while reducing healthcare cost trends.

Domestic Violence Systems / Survivor Experience

dollars in millions **\$5.3**

of grants **138**

Adopt policies that build support for a comprehensive domestic violence (DV) system that is survivor-centered and community-led.

Care Integration

dollars in millions **\$4.5**

of grants **19**

Adopt state or local policies to preserve, sustain, scale, or spread eConsult, behavioral health integration, or health and DV integration approaches to improve access to care and health outcomes, with specific focus on marginalized and underserved communities.

Emerging Opportunities

dollars in millions **\$4.3**

of grants **55**

Support organizations working to protect vulnerable populations and key progress in: Medicaid expansion and increased access to coverage for immigrant populations; innovation or care transformation in the safety net driven by the ACA; person- and community-centered approaches to health and violence prevention; and cross-sector approaches to addressing DV.

Remaining Uninsured

dollars in millions **\$3.9**

of grants **166**

Support community health centers working to provide access to primary care for at least 400,000 uninsured adults under 200 percent of the federal poverty level.
